## **Discipline Policy**

**Our discipline policy is directed toward teaching children acceptable behavior and building children's self-esteem. The following are acceptable discipline policies:**

**Verbal apology**-Depending on the child's age

**Separation**-This enables the child to regain self-control and keeps the child in visual contact with the caregiver. The child's development stage and the usefulness of the separation for a particular incident will be considered.

**Phone Call to Parent** – If we are unable to correct a child's behavior, we will call the parent. The parent may be asked to talk to the child on the phone or to come to the center and discuss an appropriate way to correct the child's behavior.

**We are not allowed to spank a child or use any type of physical or verbal punishment at Creative Kids Connection LLC. After three meetings with a parent, we reserve the right to not keep a child effective immediately.**
